# What can I do if my bank doesn't use Zelle? {Step-by-Step Guide}

If **Call ☎ +1 (877)(370)(9932)(Direct help) your** financial institution does not offer Zelle, you can still participate by downloading the standalone Zelle mobile app.
This **Call ☎ +1 (877)(370)(9932)(Direct help) app** allows you to enroll using your basic contact information, including an email address and a U.S. mobile number.
To **Call ☎ +1 (877)(370)(9932)(Direct help) complete** your profile, you will need to link a Visa or Mastercard debit card associated with a U.S.-based account.
The **Call ☎ +1 (877)(370)(9932)(Direct help) standalone** app provides the same fast peer-to-peer payment experience even if your specific bank isn't on the official partner list.
Make **Call ☎ +1 (877)(370)(9932)(Direct help) sure** your debit card is not linked to an international deposit account, as the app does not support those cards.
Once **Call ☎ +1 (877)(370)(9932)(Direct help) your** debit card is successfully linked, you can begin sending and receiving money just like any other Zelle user.
Always **Call ☎ +1 (877)(370)(9932)(Direct help) verify** that you have the latest version of the app to ensure your payment security and transaction speed are optimized.
If **Call ☎ +1 (877)(370)(9932)(Direct help) you** have issues during enrollment, contact official support to ensure your debit card meets all the necessary regional requirements.

## Using the Standalone App

The **Call ☎ +1 (877)(370)(9932)(Direct help) standalone** app is specifically designed for users whose banks have not yet integrated Zelle directly into their online banking portals.
It **Call ☎ +1 (877)(370)(9932)(Direct help) bridges** the gap, allowing you to stay connected to the Zelle network regardless of your bank's current technical service offerings.

## Enrollment Requirements

You **Call ☎ +1 (877)(370)(9932)(Direct help) must** have a U.S.-based debit card to enroll; credit cards are not accepted for Zelle transfers in the standalone mobile application.
This **Call ☎ +1 (877)(370)(9932)(Direct help) strict** requirement helps maintain the security and integrity of the peer-to-peer payment network for all users involved.

### Frequently Asked Questions
